

MScAC Initiatives Proposal (Revised)

Event: Interview Prep Night with Food

Date: Thursday, November 7, 2025

Venue: MScAC Room 9016

Estimated Attendance: Dinner for 30–40; drinks and snacks for up to 80

Purpose

Responding to high student demand for collaborative internship preparation. Students benefit from peer prep significantly more than solo preparation, as evidenced by weekly Tuesday morning prep sessions. A social, structured event allows more students to participate and gain actionable feedback.

Event Components

- **Food Area:** Medium trays from **Mr Yes**, served family-style (~5 servings per tray). Non-alcoholic drinks also provided, allowing total attendance up to 80.
- **Prep Stations / Clusters:**
 - **Resume Peer Evaluation:** Participants give and receive feedback on resumes.
 - **Technical Interview Stations:** Coding/problem-solving practice along the large whiteboard.
 - **Behavioural Interview Mock Activity:** Paired roleplay and scenario practice.
 - **ML Foundations Discussion:** Group discussions on key ML concepts relevant to internships.
- **Networking / Socializing:** Layout encourages interaction between students who don't usually collaborate, fostering peer learning and broader connections.

RSVP Plan

- RSVPs and dietary restrictions collected via Discord.
- Catering quantities adjusted based on confirmed attendance.

Catering (Confirmed Vendor: Mr Yes)

Next Steps

1. Collect final RSVPs and dietary restrictions.
2. Confirm seating layout and prep station setup.
3. Submit receipts, invitation, and attendee list for reimbursement.
4. Run the event: facilitate prep stations and networking.
