

MScAC Initiative Budget Proposal

Event: MScAC Board Game Nights (July Series) **Dates:** Fridays — July 10, 24 & 31, 2026, 6:00 PM to 10:00 PM **Venue:** MScAC Room 9016 **Estimated Attendance:** ~20 students per session

Revised resubmission: the July 17 session has been removed and the budget reduced accordingly, per MScAC staff's request to avoid overlap with the FIFA World Cup Final Watch Party week.

Purpose

Board game nights have become one of the cohort's most consistent and well-attended social traditions — sessions organized throughout the year have reliably drawn 20 or more students every time, without formal promotion. This proposal formalizes that momentum into a structured four-week summer series, giving the cohort a regular, low-pressure space to unwind, connect across streams, and build the kind of ongoing camaraderie that a single one-off event cannot. The series format is intentional: community deepens with repetition, and a predictable weekly slot lowers the barrier for students who missed a prior session to show up the next week. The July 17 session is intentionally omitted to avoid conflicting with the cohort's FIFA World Cup Final Watch Party the same week.

Event Components

Open Play (6:00 PM – 9:30 PM):

- Multiple games run simultaneously across the room, drawing from the cohort's existing library of board games. Tables self-organize by interest and experience level, keeping the format welcoming to first-timers and regulars alike.
- Sander, Hassan, Oleksii, Cosmo, and David will rotate facilitation duties — explaining rules, balancing table sizes, and keeping energy up across sessions.
- A new game, selected by cohort poll prior to the series launch, will be introduced in the first session to refresh the rotation and bring new energy to regulars.

Wind-Down & Social (9:30 PM – 10:00 PM):

- Games wrap up and the room shifts to casual conversation. Light snacks and drinks remain available.
- Organizers collect informal feedback on game preferences to inform future session planning.

Budget Breakdown

Item Description	Quantity	Estimated Cost
Catering: Light finger foods and snacks (chips, dips, crackers, fruit)	\$400	
Refreshments: Assorted non-alcoholic beverages (sodas, sparkling water, juice)	Per session	\$200
Equipment: One new board game selected by cohort popular vote	1 title	\$50

RSVP Plan

- **Interest Tracking:** Headcount per session will be gauged via Discord poll and reaction counts in the MScAC cohort server, consistent with how prior board game nights have been organized.
 - **Dietary Needs:** Students will be invited to flag dietary restrictions (Halal, Vegan, Gluten-Free) via the same Discord thread so catering quantities and food choices can be adjusted per session.
-

Other Next Steps

- **Venue:** Confirm Room 9016 booking for all four Friday dates (July 10, 24, 31). July 17 is deliberately excluded to avoid overlapping with the FIFA World Cup Final Watch Party that week.
- **Game Selection:** Run a Discord/in person poll to select the new game among attendees
- **Facilitation:** Confirm weekly availability across Sander, Hassan, Oleksii, Cosmo, and David so at least two organizers are present each session.
- **Reporting:** Submit all itemized receipts, final attendee list, and invitation for reimbursement. (ESSENTIAL)

Total Budget Requested: \$650
